

Adobe Creative Cloud Express for Education

Engage your students and drive creativity in the classroom with new Adobe Creative Cloud Express for Education.

Adobe Spark for Education is now Adobe Creative Cloud Express for Education. The new offering is free for K-12 schools and gives students and educators everything they need to create stunning graphics, flyers, photos, presentations, web pages, and videos—and express themselves in unique and beautiful ways both inside and outside the classroom.

Creative Cloud Express for Education includes the Creative Cloud Express app plus Adobe Photoshop Express and Adobe Premiere Rush, so students can take their photos and videos to the next level and build their creative skills. It also includes features designed to support student learning and safety, such as premium creative assets, student-friendly Adobe Stock images, safe search for images and videos, create and export to PDF, and more.

Key features for students:

- **All-in-one storytelling app:** Stand out by creating stunning research papers, writing assignments, graphics, flyers, photos, videos, narrated stories, presentations, reports, and so much more.
- **Fast, fun creation:** Creative Cloud Express is easy for everyone to use, whether they're children or adults, and requires no design training.
- **In the classroom and on the go:** Students can use Creative Cloud Express on many different devices including desktop or laptop computers, Chromebooks, or mobile devices. All projects sync to the cloud for easy access and can be exported to PDF.
- **Classroom collaboration:** Students can invite others to work with them on projects and easily tag-team to make edits.
- **Built-in inspiration:** Creative Cloud Express includes thousands of templates to use as starting points for assignments or as personal inspiration, and it also includes Adobe Stock images that are curated for K-12 students.

Key features for teachers:

- **Easy-to-follow templates and lesson plans:** Ignite creativity in your classroom and meet curricular objectives with free education templates in Creative Cloud Express and step-by-step teaching resources at edex.adobe.com/express.
- **Student engagement:** Kids have so much fun using Creative Cloud Express they won't realize how much they're learning.
- **Streamlined communications:** Easily create parent newsletters, event announcements, classroom posters, social media graphics, classroom update videos, and more.
- **Works with the tools you use most:** Creative Cloud Express integrates with district portals (Clever and ClassLink), edtech tools (Google Drive, Microsoft OneNote, Flipgrid, and Wakelet), and learning managements systems (Google Classroom, Microsoft Teams, Canvas, and Blackboard), so you can access your creative tools seamlessly as part of your daily workflow. Talk to your IT administrator to enable these integrations.

Key features for IT:

- **For all ages:** Creative Cloud Express can be used in accordance with COPPA and similar EU laws, with parent consent.
- **Works with existing logins:** Students and teachers use existing logins, so there are no additional accounts to manage or passwords to forget.
- **IT admin control:** Your school's IT team manages and controls Creative Cloud Express access and data.
- **Free for K-12 schools:** Creative Cloud Express usually costs US\$9.99/month/user, but Creative Cloud Express for Education is free for K-12 (primary and secondary) schools.
